"This is an inspiring and encouraging story about not only overcoming cancer, but overcoming fear and independence as well; and learning to trust Christ whether in life or death. I know Irene personally and can verify that this is a true story about real life with all the ups and downs, messes and miracles, and all the glory goes to Jesus!" . . . PASTOR TREVOR SATO

"An inspiring story of the author's miraculous recovery from Stage IV throat cancer. In telling her story Ms. Bryant reveals her personal struggles which she believes may have contributed to her cancer. Her strong faith helps her to make serious decisions to change her life and take back her voice. As she focuses on her faith, the more her faith grows. As her faith grows, she discovers courage and strength. In the midst of adversity, miracles happen. I applaud Ms. Bryant for telling this amazing story. Her courage is inspiring. She shows that no matter what the situation may be, God is there willing to help. We only need to trust and have faith. Then we need to act according to that faith. The answers will come as we learn to lean into God's will. I have read this book twice and will probably read it again. There is so much meat in this book that it is worth reading and re-reading. This book provides inspirational courage to get through the tough times." . . . MJ CHIVERS,

"Irene has written a very candid and inspiring account of her struggles with cancer. It is truly a testimony of her faith and how her personal struggles against all the odds prevailed. My personal salute for a well-written and detailed account of the journey. What a triumph victory and overwhelming joy to read! Most of us have never walked in this level of faith but if we ever do Irene's story is proof it still works. Thanks Irene for sharing your story. I pray many blessings as you go forth." . . . "Praise the LORD! Amen. Such a miraculous and wonderful story. I hear you sister. You are a brave woman. The secret is in placing your life in HIS Holy hands. It is there all along anyway. But not till we realise this, can we see and experience the blessings and miracles. Praise the LORD. Thank you for sharing Irene, you are a brave woman and a beautiful testimony." . . .
